Registration required, visit:
<http://bit.ly/1rdDr4M>

The New York State Pollution Prevention Institute ([NYSP2I](#)) and the Hudson Valley Technology Development Center ([HVTDC](#)) invite companies from the Hudson Valley area in the food manufacturing industry to participate in a discussion on business development and sustainability opportunities.

Topics of Discussion include:

- Cost minimization
- Waste reduction
- Sustainability within the supply chain
- Business expansion hurdles
- Resource constraints (internal/external)
- Optimization of resource usage (water, energy, etc.)

Who should attend: business owners, plant managers, production managers, EHS managers, corporate sustainability officers, marketing managers, and procurement decision-makers.

Contact: for more information or to register, please contact:

Rajiv Ramchandra: rxrasp@rit.edu; (585) 475 – 4146

Phyllis Levine: phyllis.levine@hvtdc.org; (845) 391-8214 X-3001

Join us for a
**FREE
